PROFESSIONAL EXPERIENCE

Synapse Energy Economics Inc., Cambridge, MA. Research Associate, 2008 – present.
Performs consulting, conducts research, and assists in writing testimony and reports on a wide range of issues relating to electric utilities, including federal and state clean air policy; emissions from electricity generation; environmental compliance technologies, strategies, and costs; integrated resource planning; valuation of environmental externalities from power plants; and the nexus between water and energy.

Analysis Group, Inc., Boston, MA. Associate, Energy Practice, 2007 - 2008.
Supported an expert witness asked to opine on various topics in the electric industry as they apply to merchant generators and provide incentives for their behavior in the late 1990s and early 2000s. Analyzed data related to coal production on Indian land and contractual royalties paid to the tribe over a 25 year period to determine if discrepancies exist between these values for the purposes of potential litigation. Managed analysts' work processes and evaluated work products.

Senior Analyst Intern, Energy Practice, Summer 2006.
Supported an expert witness in litigation involving whether a defendant power company could financially absorb a greater investment in pollution control under its debt structure while still offering competitive rates. Analyzed impacts of federal and state clean air laws on energy generators and providers and built a quantitative model showing the costs of these clean air policies to the defendant over a 30 year period. Built a financial model calculating impacts of various pollution control investment requirements. Researched the economics of art; assisted in damage calculations in arbitration between an artist and his publisher.

Yale Center for Environmental Law and Policy, New Haven, CT. Research Assistant, 2005-2007.
Part of the team that produced *Green to Gold*, an award-winning book on corporate environmental management and strategy. Managed data, conducted research, and implemented marketing strategy. Gathered and managed data for the Environmental Performance Index, presented at the 2006 World Economic Forum. Interpreted statistical output, wrote critical analyses of results, and edited report drafts.

CERES, Boston, MA. Student Consultant, Spring 2006.
As part of a four-person team, made strategic recommendations on all aspects of messaging and engagement to encourage corporate directors to act on the issue of climate change. First strategic recommendation was sustainable governance forums, which were profiled in *New*

York Times article “Global Warming Subject for Directors at Big Companies” on September 21, 2006.

Marsh & McLennan Companies, Los Angeles, CA. Risk Analyst, Casualty Department, 2003-2005.

Evaluated Fortune 500 clients’ risk management programs/requirements and formulated strategic plans and recommendations for customized risk solutions. Supported the placement of \$2 million in insurance premiums in the first year and \$3 million in the second year. Utilized quantitative models to create loss forecasts, cash flow analyses and benchmarking reports. Completed a year-long Graduate Training Program in risk management; ranked #1 in the western region of the US and shared #1 national ranking in a class of 200 young professionals.
