OF EXELON CORPORATION AND) CASE NO. 9361

**SURREBUTAL TESTIMONY OF PAUL R. PETERSON
ON BEHALF OF MARYLAND OFFICE OF PEOPLE'S COUNSEL**

<u>II.</u> <u>PURPOSE AND SUMMARY OF SURREBUTTAL TESTIMONY.....</u>	<u>3</u>
<u>III.</u> <u>SURREBUTTAL TESTIMONY.....</u>	<u>3</u>

1 **I. STATEMENT OF QUALIFICATIONS**

2 **Q. Please state your name and business address.**

3 A. My name is Paul R. Peterson. I am a Principal with Synapse Energy Economics,
4 Inc. a consulting Company with an address of 485 Massachusetts Avenue,
5 Cambridge, Massachusetts.

6 **Q. Have you previously testified in this proceeding?**

7 A. Yes, I submitted direct testimony on behalf of the Maryland Office of People's
8 Counsel on December 8, 2015. Information on my educational background and
9 professional qualifications was included in that direct testimony.

10 **II. PURPOSE AND SUMMARY OF SURREBUTTAL TESTIMONY**

11 **Q. What is the purpose of your surrebuttal testimony in this proceeding?**

12 The purpose of my surrebuttal testimony is to respond to rebuttal testimony
13 submitted by Joint Applicants. Specifically, I respond to portions of the rebuttal
14 testimony of Joint Applicants witnesses Julie R. Solomon, Charles R. Dickerson,
15 and Susan F. Tierney. My surrebuttal testimony focuses on the reduced
16 competition that will result from this merger, the increase in concentration of
17 ownership of resources, and the potential for harm to Maryland customers that
18 arises from that reduced competition and concentration.

19 **III. SURREBTUAL TESTIMONY**

20 **Q. What are your responses to Ms. Solomon's rebuttal testimony?**

21 A. Ms. Solomon attempts to dismiss my concerns about the merged company's
22 increased quantities of demand resources; involvement in generation
23 interconnection studies; development of line ratings; and opportunity to abandon

1 PJM as mere repetitions of concerns expressed by the IMM. Ms. Solomon does
2 not dispute that these concerns are factually true; instead she argues that there is
3 no evidence that Exelon has engaged in any improper behavior to date and no
4 certainty that Exelon will engage in improper behavior in the future. I hope she is
5 right, but I remain concerned that she is not.¹

6 I reiterate my recommendation to establish oversight protections through the use
7 of third parties to review Exelon's (1) submittal of offers of demands resources in
8 energy, capacity, and reserve markets; (2) interconnection studies for generation
9 and transmission competitors; and (3) line ratings for its transmission facilities. I
10 also reiterate my recommendation that Exelon agree to remain in PJM as a
11 condition of this merger.

12 **Q. What is your response regarding competitive Standard Offer Service?**

13 A. The most recent SOS auction had one bidder. Ms. Solomon does not claim that
14 the merger will increase competition in future SOS auctions.² The merger will
15 make it less likely that a PHI affiliate competes against an Exelon affiliate in a
16 future SOS auction.

17 **Q. What is your response to Mr. Dickerson?**

18 A. In his Rebuttal testimony, Mr. Dickerson identifies all the procedures and
19 reporting mechanisms in place to ensure that reported line ratings are accurate.³
20 My concerns are not resolved by the existing reporting systems. My

¹ Solomon Rebuttal at 21-22.

² Solomon Rebuttal at 22-23.

³ Dickerson Rebuttal at 11-16.

1 recommendation to have periodic, independent reviews of all Exelon reported line
2 ratings is to ensure that all judgment calls regarding line ratings or revisions to
3 line ratings in particular zones are not coincident with generation dispatches that
4 favor Exelon's generating resources due to the line ratings. I believe this is the
5 crux of the IMM's concern regarding line ratings, as well, and I have not seen
6 anything in the record in this docket from the Joint Applicants that addresses that
7 concern.

8 **Q. What is your response to Ms. Tierney?**

9 A. In her Rebuttal testimony, Ms. Tierney contends that Exelon's voting share is
10 small in the PJM stakeholder process that consists of over 500 voting members.
11 She also describes the sector-weighted voting that occurs at the PJM senior
12 committees.⁴ I continue to be concerned that the merged Exelon will eliminate the
13 independent perspective of Pepco in the PJM stakeholder process.

14 As an example, consider the three sector-weighted votes on Agenda Item
15 03 at the Members Committee on December 9, 2013.⁵ That agenda item involved
16 rule changes regarding the treatment of Demand Response as an Operational
17 Capacity Resource. Exelon voted as a member of the Transmission Owners
18 sector; Pepco voted as a member of the Electric Distributors sector. On the first
19 vote, Exelon voted in favor of the motion; Pepco voted opposed to the motion;
20 and the motion failed. On the second vote, on an amended motion, Exelon voted

⁴ Tierney Rebuttal at 39-42.

⁵ The votes of all Members Committee meetings are recorded in voting reports posted on the PJM web site at <http://www.pjm.com/committees-and-groups/committees/mc.aspx> with the materials for the meeting where the vote took place. The Draft Minutes for the December 9, 2013 Members Committee Meeting are attached as Attachment PRP -S1.

1 in favor; Pepco voted in favor; and the motion failed. On the third vote, on an
2 amended motion, Exelon voted against; Pepco voted in favor; and the motion
3 passed.

4 As a second example, consider the three sector-weighted votes at the
5 Members Committee on November 21, 2013, on the Agenda Item 04 issue of how
6 Limited Demand Response resources would clear in RPM auctions.⁶ On the first
7 vote, Exelon voted against the motion; Pepco abstained; and the “ODEC package”
8 motion failed with 2.92. On the second vote, Exelon voted in favor; Pepco voted
9 against; and the “Package A” motion failed with 2.23. On the third vote, Exelon
10 voted against; Pepco abstained; and the “Package B” motion failed with 2.71.
11 PJM’s sector-weighted voting process requires a two-thirds vote to pass (3.33 or
12 better). On this agenda item, the only package Exelon supported was the only
13 package that Pepco opposed; it received the least support of the three packages.

14 The merger proposed by Joint Applicants will eliminate any role for Pepco
15 in the PJM voting process, including the role of presenting a different point of
16 view than Exelon’s point of view as demonstrated by the two examples, described
17 above, of agenda item votes at Members Committee meetings in 2013. If Pepco
18 retains an independent role in the PJM stakeholder process, Pepco may have an
19 impact beyond just its single vote; it may be able to influence the voting decisions
20 of other members in its sector.

21 **Q. Does this complete your Surrebuttal testimony?**

⁶ The Draft Minutes of the November 21, 2013 Members Committee Meeting are attached as Attachment PRP-S2.

1 A. Yes. However, I reserve the right to supplement my testimony subject to further
2 updates to discovery and information provided in this proceeding.

3. **DEMAND RESPONSE (DR) AS AN OPERATIONAL CAPACITY RESOURCE**

Mr. Baker presented proposed Tariff and OA revisions developed by the Capacity Senior Task Force (CSTF) related to enhancing operational capability of DR resources. Ms. Huges discussed several ministerial updates to the Tariff and OA revisions since endorsement by the Markets and Reliability Committee (MRC). Ms. Godson offered a friendly amendment to modify the exemption requirement for mass market demand response programs to change "residential" to "residential and small commercial and industrial" and change "60 minutes" to "120 minutes" in Tariff Attachment DD-1, Section A.2.B.4, and to define "mass market programs" in the development of Manual revisions which would implement these Tariff and OA revisions. Ms. Bruce offered a technical correction to change "and" to "or" in Tariff Attachment DD-1 Section A.2.B.3. There was one objection to this proposed friendly amendment, and therefore it was not incorporated into the main motion. Ms. Godson proposed a friendly amendment to and change "60 minutes" to "120 minutes" in Tariff Attachment DD-1, Section A.2.B.4. There was one objection to this proposed friendly amendment, and therefore it was not incorporated into the main motion. Ms. Godson proposed and Mr. Cox seconded an alternate motion to modify the exemption requirement for mass market demand response programs to change "60 minutes" to "120 minutes" in Tariff Attachment DD-1, Section A.2.B.4. Following discussion the main motion **failed** in a sector-weighted vote with 2.74 in favor. Following discussion the alternative motion **failed** in a sector-weighted vote with 2.85 in favor. Mr. O'Connell proposed and Mr. Miller seconded an alternate motion to modify the exclusion eligibility requirements in Tariff Attachment DD-1 Section A.2.B.1 to add "or damage to product or feed stock". Mr. Scarpignato proposed a friendly amendment to change the transition period to phase in the change in response time such that 60 minute response would be required in delivery year 2015/16 and 30 minute in delivery year 2016/17, and to modify the exemption requirement for mass market demand response programs to change "60 minutes" to "120 minutes" in Tariff Attachment DD-1, Section A.2.B.4. Mr. O'Connell and Mr. Miller did not accept the proposed friendly amendment in its entirety, and therefore it was not incorporated into the motion. Ms. Godson proposed a friendly amendment to modify the exemption requirement for mass market demand response programs to change "60 minutes" to "120 minutes" in Tariff Attachment DD-1, Section A.2.B.4. Mr. O'Connell and Mr. Miller accepted this as friendly and therefore it was incorporated into the motion. Following discussion the second alternative motion **passed** in a sector-weighted vote with 3.52 in favor.
